

The Power of My Voice

Music and Lyrics by David Rees

Verse 1

We are musicians, you and me.
We'll save the world with har-mony.
Raise up your voice and you will see,
That music has the po-wer, to set you free!

Verse 2

We'll write the books of history.
Our words build worlds of mystery.
Write down your dreams and you will see,
That stories have the po-wer, to set you free!

Chorus

I'll sing out my story, I'll sing you these words.
The world stands before me, my voice will be heard.
I'll sing to the future, I'll sing that's my choice.
I have got the power, the power of my voice!

Verse 3

We sing the words to our own song.
We'll make a place we all belong.
O-pen your mind and you will see,
Ideas have the power, to set you free!

Chorus

I'll sing out my story, I'll sing you these words.
The world stands before me, my voice will be heard.
I'll sing to the future, I'll sing that's my choice.
I have got the power, the power of my voice!
